

THE EAST TENNESSEE UNION FLAG.

THE UNION FLAG
Jonesboro', October 12, 1866.
LOCAL ITEMS.

A GRAND RADICAL UNION MASS-MEETING
To be held in Jonesboro', on the
2nd day of October, 1866.

At which a Large and Magnificent UNION FLAG will be raised. Many distinguished Union Orators will be present to address the people.

The following distinguished speakers will be present:

Hon. Wm. B. STOKES,
Hon. J. S. FOWLER,
Judge R. R. BULLER,
Hon. H. MAYNARD,
And Others.

A Procession will be formed, headed by Col. Gen. W. Kirk, and his brave soldiers, followed by the members of the East Tennessee Regiments.

Jonesboro' are requested to come in full numbers. Let every Unionist who loves his Country be present.

The Speech of Hon. Wm. B. Stokes at Greenville.

We are making a flying trip to Greenville on Tuesday to speak at the gallant Colonel Stokes, address the people at the Fair, and we are proud to say he made one of the most powerful and effective speeches it was ever our pleasure to listen to. Added to his natural powers of oratory and his eloquent delivery, was the spirit manifested within him by a report that the Copperheads had instigated a disturbance, and had made a threat to inform him should he attempt to speak. But there was no person who had been in the storm of fire on the battle-field with Colonel Stokes, and still failed to permit any such a thing to take place.

After Senator Fowler had made a short and appropriate speech, the Colonel opened with Hurry Artillery, and carried the large audience away with enthusiasm that received a continued round of applause. He gave the death-blow to the Rebel-Blood-and-Bloody Boys Johnson Party in old Greene. He gave the crowd many more wholesome truths to ponder upon than they could fail to seath them is but the two parties now existing in this country—the Radical Unionists and the Rebel-Copperheads party.

The speaker's speech will long be remembered by the friends of Greene.

Petition for New Jail—As soon as in this place, shall make their escape. They, aided by outsiders, escaped an anger, and so concealed it in their veins as to be unnoticed by the jailor. With this they made an opening in the ceiling overhead and then taking out brick made an opening in the wall and by the use of ladders led to get, let themselves down and by the parts unknown, leaving but two prisoners to suffer such late retribution.

We must have a new jail, or a stone wall built around the present one of sufficient height to keep the prisoners, and the sooner the country makes the appropriation and begins the work the better it will be for the community.

To the Tax Payers of Washington County.

We are requested by Mr. Yeager, Rev. Collector, to pay that all who owe for Taxes must come forward immediately and settle up. Mr. Y. has been very indulgent and has paid the State several hundred dollars out of his pocket for delinquents. If they do not come up to date forthwith, their property must be sold.

Dear Readers if you want sugar and coffee—a real good home article—we advise you to send to Messrs. A. & W. B. Williams, in Bristol and secure a supply. Millions would do well to save money and purchase these articles from this No. one Wholesale House. They also keep all kinds of farming utensils for sale. See the advertisements elsewhere.

Newspapers, Books, Lampoon &c., have received a splendid assortment of the latest styles of Dry Goods. Also a large supply of Groceries. There is but little doubt that they are doing the largest trade of any House in town. This is owing to the fact that they sell goods at sharp bargains.

The Circus.

See the advertisement of the Grand Circus that is coming. It is said to be one of the best Companies in the United States. They will be here on Thursday next.

The Cholera.

Dr. C. M. Adams, a noted physician of Boston, says—“We should be greatly gratified if you would print and publish it in your paper, that will appear in this country, will be to visit the northern regions of the South and West.”

Some of the many different remedies advertised in your paper that are good for cholera are to take a large quantity of bark, and which give vigor and strength than Dr. Ross's TONIC Herbs and Blood Pills. The Blood Pills act directly on the liver, causing a throw of the bilious matter, and the bile passes through the system and purges the whole body thoroughly keeping off the terrible scourge.

To Our Patrons.

Next week it is our intention to enlarge the Union Flag, adding four more columns of interesting reading matter. To do this, we are compelled to urge upon our friends who are inclined to us for Subscription and advertising to aid us by sending us money immediately. We are determined to make the Flag a No. 1 News Journal.

Letter from Senator Powell.

We return our many thanks to our friends who have sent us Clubs for the Flag.—Among other interesting letters, we have recently the following from Hon. Joseph Powell, Senator from the Second District, the distinguished South Carolinian, who stood up alone and voted the immortal NO against Secession in that rebellious State.

Gainesville, Tex., October 4th, 1866.

Dear Sir:—I see that you are publishing your valuable paper. I desire to inform you of the principles which you advocate, and my opinion to the country, just now, and will be sustained by the loyal people.

I have a note from a noted physician of Boston, saying—“We should be greatly gratified if you would print and publish it in your paper, that will appear in this country, will be to visit the northern regions of the South and West.”
